THE AWARDS CEREMONIES

The **International General Counsel Awards** took place over lunch rewarded the best legal and intellectual property departments worldwide. In order to elect the Gold Award winner in each category, an independent jury panel of high-performing general counsel and chief IP counsel voted based on their personal experience as well as on the application forms provided by the distinguished in-house departments. The **International Law Firm Awards** took place during the cocktail, recognized the best law firms in their domestic market for their excellent annual track record, growth performance and leadership. The Gold Award winner in each category was elected by an independent jury panels, made up of more than 140 general counsel. In order to elect each panel Gold Award winner, the nominated firms also filled out an application form which was then presented to our jury. We congratulate the 2022 Gold Award winners and all our nominees, for their hard work and expertise. We would also like to take this opportunity to thank our jury members, partners and sponsors.
